MINI GOLF

We want Spring Jam to be all about one-of-a-kind experiences. One of the ways we want to do that is through a Mini Golf Course, but most people have played mini golf before. So how do we make our Spring Jam™ Course special?

IN INVOLVEMENT:

That’s where you come in! We are turning to those on campus who know a thing or two about design, and asking you to help us design, conceptualize, and execute a Mini Golf Course for Spring Jam™ by working on a hole for the course.

DESIGN:

The concept for our course is each hole is assigned a single color, and every part of the design is made from recycled materials.
